Dear Assemblymember Bloom,

We'd like to thank you for your meetings with the Human Rights Watch Student Task Force.

As you know, this year, our mission at the Student Task Force is to raise awareness of the need for more support for public education funding and to create a positive change in the California educational system. Recently, Governor Brown proposed the new funding formula for public schools throughout the state – a topic we students discussed with you in January. However, the Student Task Force would like to hear from you regarding your position on the proposed plan. How and when would it impact our schools?

The Student Task Force is eagerly awaiting a review of your discussions with other Assemblymembers and with the Governor himself. It is imperative that we continue to progress and maintain an open dialogue in order to improve the future of the state and the nation by improving our educational system.

We look forward to hearing from you soon.

Sincerely,
